

Alastair Jamieson-Lane

Mathematician

0204 133 8040

Alastair_jamieson-lane@protonmail.com

90 Owens road

Mt Eden, Auckland

About Me

More than a decades experience in teaching, mathematical modelling and programming, collaborating with researchers across industry and academia. Recently finished walking the Te Araroa trail from Bluff to Picton.

Areas of Specialization

Mathematical biology, teaching and storytelling, interdisciplinary collaboration.

Interests

Baking, gardening, tramping, storytelling, game design, programming, cake.

PROFESSIONAL EXPERIENCE

2020–2025

Professional Teaching Fellow

APPLIED MATHEMATICS · University of Auckland

Ran courses from first year to graduate level, teaching lessons, running in person tutorials, and helping students out and guiding them through their specific questions during office hours.

Some student comments:

- "I think Alastair has been one of the best lecturers I've had at university. Just overall enthusiastic teaching, and puts in genuine effort."
- "Alastair's perky attitude mixed with his excellent sense of humour brought an unbelievable amount of life into all of his lectures. He masterfully balances analogy and technical details in his lectures."
- "His teaching made everything seem doable"
- "Alastair has this amazing way of turning this potentially dry maths into a narrative that keeps you engaged and wanting to know what happens next"

2019–2020

Postdoctoral Researcher

JUNIOR RESEARCHER · Groningen (Netherlands) and Oldenburg (Germany)

Worked for a research hospital, studying the spread of antibiotic resistance and modelling ICU requirements for covid. Lots of collaboration across disciplinary boundaries.

DEGREES

2019

Applied Mathematics

PHD · University of British Columbia

2014

Mathematics

MSCI · UBC

2011

Mathematics

BSc(HONS) · Canterbury

VOLUNTEERING

2022–2025

MOTAT Stem Fair (presenting mathematical games and puzzles to kids for the day)

2020–2021

Gardening at Rollerson Park Community Garden, Papakura

2013–15

Classroom Volunteer, Lord Strathcona Elementary (Vancouver)

SOME TALKS

2023

How to PhD. One hour talk at auckland graduate seminar introducing, Git, Citation alerts, Overleaf, ArXiv, and how to navigate academic publication

2018

Neural Networks for Identifying Safe (and Unsafe) Systems
Invited speaker at an industry/semi-government event

2014

Markov Models of Social Change
Guest blog post detailing collaborations with political science.

SELECTED PUBLICATIONS

2022

Comparing optimization criteria in antibiotic allocation protocols.
Royal Society Open Science

2019

Timing and Shape of Stochastic Autocatalytic Burst Formation. *Chaos*

2017

AnthroTools: An R Package for Cross-Cultural Ethnographic Data Analysis. *Cross-Cultural Research*
